Brunch

Our commitment to Handcrafted Cuisine & Genuine Hospitality

Our menu is small, seasonally & locally focused. That is deliberate. It's full of tried and true dishes, available year round and found under our Workshop Staples, as well as seasonal fare, under New & Noteworthy. We prefer quality over quantity, and our food takes time to prepare, so please be patient with us. We promise, it will be worth it!

If you have specific dietary or allergic restrictions please notify us so that we may best accommodate your needs. Otherwise we greatly appreciate it if you left our creations as originally intended.
